Hey!

Now we have our great guide of what you have to think about when investing into interactive whiteboards.

The guide is detailed information about the technology, the pedagogical aspects and also all the "think about this" knowledge which we have gathered thru more than 8 years of working with IWBs.

This Buyers guide to interactive whiteboards don't tell you which board you should buy but it gives you help when it comes to what aspects you should value in your purchase.

Buy it and download the PDF right now - for only \$5 you get a lot of expertise!

Just click the picture and buy from our shop thru paypal.
